Before you sign

1. Compare the VIN or serial number stamped on the frame with the title or registration, if there is one, and with this form.
2. Check each party's name and address against photo ID, and the seller's name against the title or registration, if any.
3. Write the agreed sale price. Record the amount received so far and any balance separately; only say "paid in full" when it is.
4. Record the odometer or hour reading and mark what it is. If your state requires an odometer disclosure for this vehicle, this form does not replace it.
5. Mark only the lien and condition statements that are true. If a lender holds the title, get the lien release or payoff arrangement in writing.
6. Titling and registration differ by type and state: ATVs, UTVs and snowmobiles are often titled or registered as off-highway vehicles or snowmobiles; golf carts usually are not, unless they are street-legal. Check your state's rules for the type you are buying before you rely on this record.
7. Sign and date in each other's presence. A witness or notary is only needed when your state or the asset requires one. Keep a signed copy each.
