Before you sign

1. Compare the VIN on the vehicle (dashboard plate and door-jamb label) with the VIN on the title and on this form.
2. Check each party's name and address against photo ID. The title must already be in the seller's own name; a seller who has not titled the vehicle cannot sell it on.
3. Write the agreed sale price — the actual consideration the tax office relies on. Record the amount received so far and any balance separately; only say "paid in full" when it is.
4. Record the odometer reading. The official disclosure is on the back of the title, or on form DPSMV 1606 when the title has none.
5. Mark only the lien and condition statements that are true. If a lender still holds the title, get the lien release or payoff arrangement in writing.
6. The seller signs the title before a notary, or two witnesses with notarized witness acknowledgment, and files the Notice of Transfer within 15 days. Keep a signed copy each.
7. Apply for title within five days after delivery of the existing title (or the vehicle if never titled). Sales tax is due by the 40th day after sale, or the preceding business day if that day is a weekend or holiday. The tax period does not extend the title deadline.
